

SELECT SENIOR HEALTHY WEIGHT

Calorie Content (calculated): ME 3335 kcal/kg; 370kcal/cup

Processed with 
Natural Spring Water

72% Protein from Meat, Poultry, or Fish Sources
13% Protein from Plant and Vegetable Sources
15% Protein from Wholefood Grains
MADE FROM GLUTEN FREE GRAINS

Uniquely formulated with: 27% Crude Protein / 11.5% Crude Fat Balanced with only 42% Total Carbohydrates! Like all Victor Formulas, this Senior / Healthy Weight food is free from Corn, Wheat, Soy, Gluten, and contains multiple additives from Alltech along with Complex Minerals and Antioxidant Vitamins that work together promoting excellent digestive and immune system health. Also included are excellent levels of Glucosamine and Chondroitin that work together to support long term joint health. L-Carnitine is an amino acid added in this food at the rate of 200 mg/kg. L-Carnitine helps the body burn additional fat, making it an ideal ingredient to be included in this food. All said, this is an excellent choice for the older, less active dog and or dog of any age that is in need of reducing weight.

RECOMMENDED DAILY FEEDING GUIDE FOR ADULT DOGS

Scientifically Advanced Ingredients Supporting Long Term Digestive and Immune Health

Availa Pet is a combination of Organic Trace Mineral Complexes produced by USA based ZinPro Corporation. These minerals are easily absorbed by the digestive system into the bloodstream more efficiently than Non-Organic forms of the same minerals. These unique Organic minerals work on the cellular level promoting efficient metabolic function. Efficient cellular function supports a strong immune system.

Availa Pet is a registered trademark of Zinpro

SEL-PLEX® A "Breakthrough in Canine Nutrition" Sel-Plex is a proprietary organic Selenium product developed by Alltech. Sel-Plex provides an organic selenium yeast that is presented in the same forms found in nature making it more available than inorganic forms, allowing animals to build nutrient reserves.

*Actigen, Sel-Plex and Lacto-Sacc are registered trademarks of Alltech.

Diamond V® Labeled as Yeast Culture, this product has been fully fermented in a controlled environment and is rich in metabolites. These metabolites feed good digestive bacteria which in-turn supports a healthy digestion as well as a strong immune system.

Actigen™ A proprietary additive developed by Alltech. Actigen represents a second generation additive derived from the cell wall of a select strain of yeast. Actigen acts as a prebiotic that works with other nutrients to support animals' immune defense systems.
