**DOUBLE GRIND  
 RANGE CUBES**

Today, more than ever cattlemen are striving for the highest performance from their animals. In order to reach that optimum level of performance, cattle must maximize the rumen's ability to break down all forages. Since 1945, Lyssy & Eckel has worked with Texas Ranchers to formulate the best supplements to maximize their animal's digestive efficiency.

Cattle are grass harvesters and the key to maximum performance is making the digestion process in the rumen as efficient as possible.

All Lyssy & Eckel cubes are formulated to supply necessary proteins, carbohydrates, minerals and vitamins to stimulate proper rumen function.

With a recently updated cube manufacturing system, Lyssy & Eckel is committed to delivering cubes that are free from excessive fines and waste. All Lyssy & Eckel Range Cubes are double ground prior to cubing, triple screened after the cubes are made and finally double cooled prior to shipment.

Our "state-of-the-art" pelleting system reinforces our commitment to deliver range cubes that will maximize cattle performance and profitability.

**Benefits of Double Ground Range Cubes:**

- Less waste—fewer fines
- Increased flowability
- Sustained release of nutrients
- Enhanced production of microbial protein
- Uniform consumption—less chasing

**40% COTTONSEED  
 MEAL CUBES  
 FOR BEEF CATTLE ON PASTURE**

**GUARANTEED ANALYSIS**

Crude Protein, not less than .....	40.00%
Crude Fat, not less than.....	2.00%
Crude Fiber, not more than .....	14.00%
Calcium, not less than .....	0.10%
Calcium, not more than .....	0.30%
Phosphorus, not less than .....	0.90%

**FEATURES:**

- 100% cottonseed meal
- The most economical supplement for cattle on mature pasture
- Stimulates the rumen to improve intake and the digestibility of valuable stockpiled forages
- Provides the protein necessary for peak milk production
- Screened prior to bagging and bulk unloading to reduce fines

**FEEDING DIRECTIONS:**

Dry Cows:	1#/head/day
Lactating Cows:	2#/head/day
Calf Creep Feed:	1#/head/day
Stocker Calves:	1#/head/day

**LYSSY & ECKEL**

**16% CALLING CUBES**  
FOR BEEF CATTLE ON PASTURE

**GUARANTEED ANALYSIS**

Crude Protein, not less than .....	16.00%
Crude Fat, not less than.....	2.50%
Crude Fiber, not more than .....	10.00%
Calcium, not less than .....	0.70%
Calcium, not more than .....	1.10%
Phosphorus, not less than .....	0.60%
Salt, not less than .....	0.90%
Salt, not more than.....	1.20%
Potassium, not less than .....	0.70%
Vitamin A, not less than.....	10,000 I.U./lb

**FEATURES:**

- All-natural protein
- Added Vitamins A, D, & E for improved breeding
- Economical sources of structural carbohydrates and proteins
- Screened prior to bagging and bulk unloading to reduce fines

**FEEDING DIRECTIONS:**

Feed as needed to call cattle

**20% BREEDER CUBES**  
FOR BEEF CATTLE ON PASTURE

**GUARANTEED ANALYSIS**

Crude Protein, not less than .....	20.00%
Crude Fat, not less than.....	2.50%
Crude Fiber, not more than .....	10.00%
Calcium, not less than .....	0.90%
Calcium, not more than .....	1.10%
Phosphorus, not less than .....	0.80%
Salt, not less than .....	0.90%
Salt, not more than.....	1.20%
Potassium, not less than .....	0.80%
Vitamin A, not less than .....	20,000 I.U./lb

**FEATURES:**

- All-natural protein
- Added Vitamins A, D, & E for improved breeding
- Formulated with structural carbohydrates and cottonseed meal to improve intake and digestibility of quality forages
- Supplies energy and protein not provided by limited pasture
- High in energy and digestible protein for improved breeding and milk production
- Screened prior to bagging and bulk unloading to reduce fines

**FEEDING DIRECTIONS:**

Feed at the rate of 2 to 7 pounds per head per day.

**26% BREEDER CUBES**  
FOR BEEF CATTLE ON PASTURE

**GUARANTEED ANALYSIS**

Crude Protein, not less than .....	26.00%
Crude Fat, not less than.....	2.50%
Crude Fiber, not more than .....	10.00%
Calcium, not less than .....	1.00%
Calcium, not more than .....	1.20%
Phosphorus, not less than .....	0.80%
Salt, not less than .....	0.90%
Salt, not more than.....	1.20%
Potassium, not less than .....	0.90%
Vitamin A, not less than.....	20,000 I.U./lb

**FEATURES:**

- All-natural protein
- Added Vitamins A, D, & E for improved breeding
- Added magnesium to offset magnesium deficiencies found in mature grasses
- Formulated with cottonseed meal and structural carbohydrates to improve intake and the digestibility of all types of forages
- The most economical high energy breeder cube
- Screened prior to bagging and bulk unloading to reduce fines

**FEEDING DIRECTIONS:**

Feed at the rate of 2 to 7 pounds per head per day.

**32% RANGE CUBES**  
FOR BEEF CATTLE ON PASTURE

**GUARANTEED ANALYSIS**

Crude Protein, not less than .....	32.00%
Crude Fat, not less than .....	2.50%
Crude Fiber, not more than .....	10.00%
Calcium, not less than .....	0.90%
Calcium, not more than .....	1.20%
Phosphorus, not less than .....	0.95%
Salt, not less than .....	0.90%
Salt, not more than.....	1.20%
Potassium, not less than .....	0.90%
Vitamin A, not less than.....	20,000 I.U./lb

**FEATURES:**

- All-natural protein
- Added Vitamins A, D, & E for improved breeding
- Similar to cottonseed meal in stimulating the rumen to improve intake and the digestibility of valuable stockpiled forages
- High in energy and digestible protein for improved breeding and milk production
- Increased weaning weights
- Screened prior to bagging and bulk unloading to reduce fines

**FEEDING DIRECTIONS:**

Dry Cows:	1# - 2# / head / day
Lactating Cows:	2# - 3# / head / day
Stocker Calves:	1# / head / day
