

# LYSSY & ECKEL STAMINA FEEDS

## FEEDING RECOMMENDATIONS

Feed with a good quality hay (1.5-2.0% of bodyweight), free choice salt and clean water.

Divide feed into a minimum of two equal feedings. Never feed more than 0.5lbs of grain per 100lbs of body weight in a single feeding.

All dietary changes should be made slowly over a period of 10-14 days.

If your horse has dental problems or trouble swallowing, products can be soaked in a small amount of water before feeding.

## ALL STAMINA FEEDS CONTAIN:

EDGE, a mixture of prebiotics and probiotics that promotes a healthy gut.

Organic selenium and vitamin E to support health and immune function.

Highly digestible fiber sources for a healthy hind gut.

Zinpro organic chelated trace minerals provide higher bioavailability affecting overall health and well being.

# LYSSY & ECKEL

**STAMINA EX:** Extruded feed to aid in digestion for hard working performance horses, hard keepers or senior performance horses.

**STAMINA 14/6:** Pelleted feed comes in a 5/32" and a 3/8" pellet, designed to meet the needs of performance horses, breeding horses or all around maintenance horses.

**STAMINA SENIOR:** Pelleted feed with increased amino acids to help the senior horse convert that into proteins needed for muscle development.

**STAMINA OMEGA 14/6:** Textured feed designed for an active performance horse.

**STAMINA OMEGA 12/8:** Textured feed designed for a hard working horse with complex sources of calories and protein.

**STAMINA OMEGA 10/4:** Textured feed that provides an economical means of supplying essential protein, mineral and vitamins to mature active and idle horses.
